

Answers.com

The *answer*-based search engine

The Answers.com website and its free 1-Click Answers software provide students and faculty with quick, integrated reference answers, instead of just search engine links that they need to chase down. Here's what you'll get from Answers.com:

Teachers:

- ▶ Answers.com is a critically acclaimed resource with a unique software option: 1-Click Answers™ allows your students to click on any word or phrase on the screen to get instant facts.
- ▶ Your students stay on task with no need to open multiple pages and sites for each search.
- ▶ Gain access to over a million cross-referenced topics in dozens of sources, which have all been reviewed by our educational staff.
- ▶ Our content is appropriate for students in 3rd grade all the way up to college... and beyond.
- ▶ This free service is also accessible to all students and teachers off-campus.
- ▶ Using our citation tool, students can now instantly produce accurate bibliography entries for their work.
- ▶ Answers.com is a useful aid in ESL and foreign language studies, with word translations into 14 languages.

Administrators & Consultants:

- ▶ Answers.com is a web-based service that can be deployed across the entire district and on mobile devices (mobile.answers.com); 1-Click Answers, our optional application, works on both Windows and Mac OS X.
- ▶ Answers.com is a free product — that means it fits into everyone's budget.
- ▶ Teachers, librarians and media specialists can use our Webmaster Tools to enhance classroom and school web pages by adding an AnswerBox and creating links to our AnswerPages: (www.answers.com/main/webmasters.jsp).
- ▶ No teacher/student training needed — an optional two-minute Flash demo explains it all.
- ▶ Content is appropriate for students in 3rd grade through college, and for teachers of all levels.
- ▶ The same functionality is freely available to all students and teachers inside and outside of school.

IT Department:

- ▶ Simply link to the site from your intranet or make Answers.com the default homepage.
- ▶ Answers.com is ideal for cross-campus use — a single program and site, appropriate for all ages.
- ▶ 1-Click Answers™, the optional software add-on, is supported on all current versions of Windows and Mac OS X; Firefox plug-ins are available as well.
- ▶ 1-Click Answers™ uses less than 10 MB RAM. As it retrieves data from the Internet, there is no CD or large local database to manage. It's an optional download. No registration necessary. Easy to include in your automated installation process.
- ▶ No fee, subscription, usernames or management headache for you once it has been installed.
